

The background features abstract geometric shapes in shades of red and grey, primarily concentrated on the right side of the page. The shapes are layered and semi-transparent, creating a modern, architectural feel. The main area of the page is white.

KS3

Assessment and reporting system

Reporting attainment at Key Stage 3

- ▶ Assessments will be in December and June
- ▶ Reports will be sent home in January and July
- ▶ In the January and July reports the following will be reported:
 - ▶ Each student will be given an assessment percentage and related grade from the following list:

- ▶ Each student will be awarded Attitude to Learning Grades:

- ▶ An Attitude to Learning Report will also be sent home in April

What are your child's expectations?

- ▶ The grade your child will be aiming for has been sent home in an assessment expectation report.
- ▶ The expectations are based on what your child has achieved in previous assessments eg. CATs

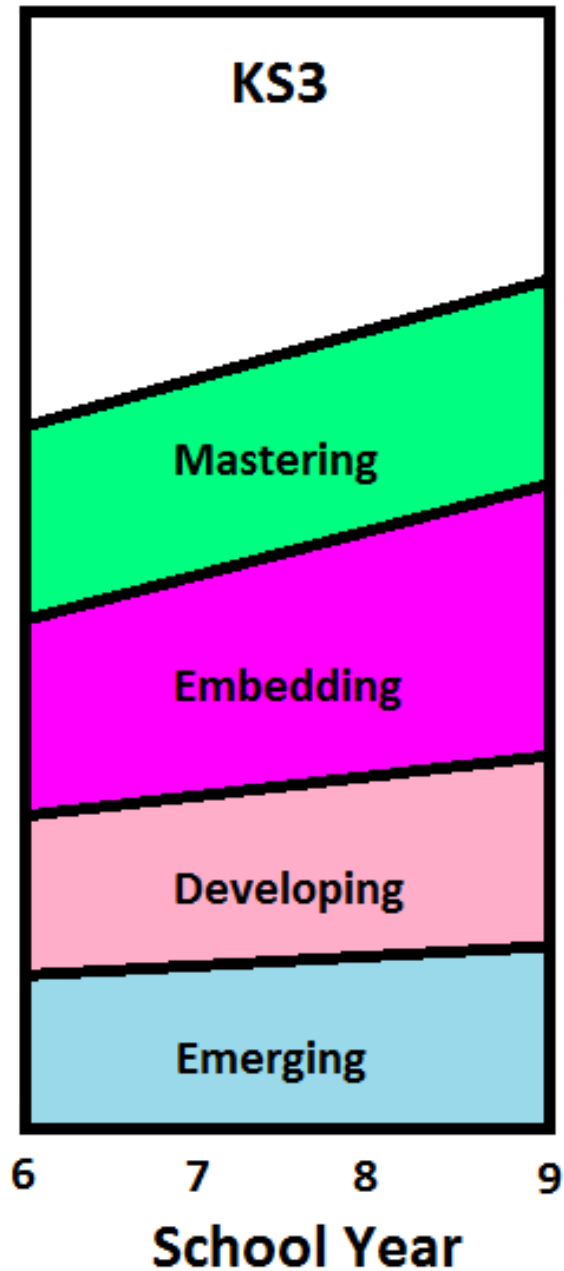

Assessment expectations

To achieve 'Mastering' on most assessments

To achieve 'Embedding' on most assessments

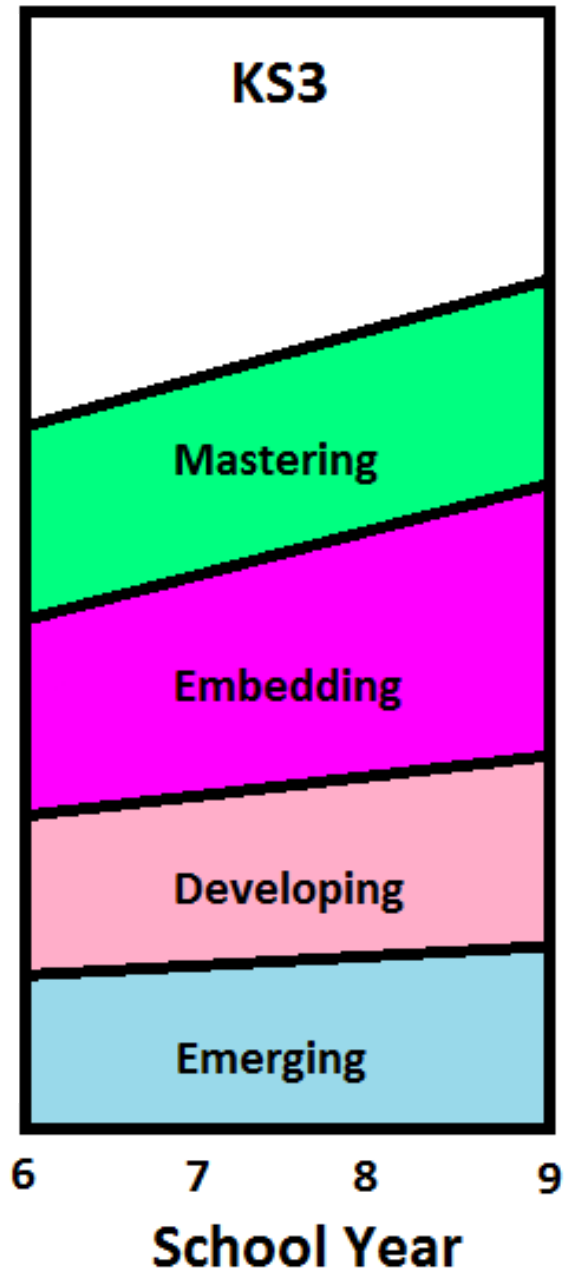

To achieve 'Developing' on most assessments

To achieve 'Emerging' on most assessments

All students will have expectation grades that are personal to them

This expectation target will remain the same throughout KS3 as the curriculum will get progressively more challenging so if your child continues to meet their expectation, they are making progress

If your child is working at the grade above their expectation, they are making better than expected progress in that subject

If your child is working at the grade below their expectation, they are not making the required progress in that subject

What the expectation report means?

Attendance*	Lates	Unauthorised Absences	Authorised Absences
	0	0	The expectation is the grade your child should be aiming for in their assessments
Negative Incidents	Positive Incidents	House points	The ATL is your child's attitude to learning grades from last term
0	0	13	

This year the target expectation grade for each subject have been based on the Cognitive Ability Test (CATs) data due to this cohort receiving no results for KS2 SATs in 2020, which is the data usually used. The CATs results can be found on the other page of this report.

Course	Expectation	ATL KS3 New
Art and Design / Art: Art	Embedding	Committed
Information and Communication Technology: Computing	Embedding	Committed
Design and Technology: Design and Technology	Embedding	Committed
Design and Technology: Food and Nutrition	Embedding	
Drama	Embedding	Compliant

French	Embedding	Committed
Geography	Embedding	Committed
History	Embedding	Committed
Mathematics	Embedding	Committed
Music	Embedding	Compliant
Philosophy: Philosophy and Ethics	Embedding	Committed
Physical Education / Sports: Physical Education	Embedding	Committed
Science	Embedding	Outstanding

How will your child know what to revise?

Assessments booklets have been issued to all students last week to support the preparation for assessments

Subject
Science
What is being assessed?
<ul style="list-style-type: none">• Solids, liquids and gases• Heating and cooling curves• Separating techniques• Diffusion• Energy in food• Power and the cost of electricity• Energy stores and transfers• Renewable and non-renewable energy resources• Heat transfer and insulation
How will they be assessed?
Students will sit a 40-minute written exam which will be marked out of 35 marks. There will be 6 short answer questions and one 4 mark longer answer question. They will require a calculator and a ruler for the exam.
What resources are available to help the students prepare?
<ul style="list-style-type: none">• Seneca learning - Course: Science KS3 https://app.senecalearning.com• BBC Bitesize<ul style="list-style-type: none">○ States of Matter https://www.bbc.com/bitesize/topics/z9r4jxs○ Separating Mixtures https://www.bbc.com/bitesize/guides/zgvc4wx/revision/1○ Energy Transfers https://www.bbc.com/bitesize/guides/z99jq6f/revision/1• Exercise books• Previous test
