

January 2018

Dear Parent/Carer

Haygrove School has asked us to provide a bespoke exam revision session to support your child during their revision period before their exams. We understand how stressful this can be for you as parents/carers and for the students, therefore we have arranged sessions during the day for the students followed by a parents'/ carers' session which will enable you to support them at home.

I am writing to inform you that on the **5th February 2018** your child will be taking part in a high impact exam preparation day with **MADE Training (MADE)**. We (MADE) are an organisation that works nationally supporting students, teachers and parents by delivering effective thinking, studying and revision skills in addition to personal development tools.

Students will be taking part in our GCSE focussed programme 'Exams MADE Easy/Rapid Revision':-

***Exams MADE Easy/Rapid Revision** is an interactive and engaging workshop which will help the students to develop core skills in time management, revising and memorising and, as all of our workshops are linked to the National Curriculum the students will be able to apply their new found skills immediately to their revision and study plans. The workshop concludes with some further exam tips to ensure that they get the most out of timed assessments.*

During the evening, parents and carers are cordially invited to a 60 minute 'parent/carer twilight' session from 6.00 – 7.00pm on 5th February 2018:

We understand that Parents/Carers are in a unique position to influence the academic success of their children. Parents set the stage for positive behaviours with regard to learning. They provide reinforcement for such behaviour and serve as emotional support during stressful examination times. Our parents' evenings aim to help parents adopt a less confrontational and more encouraging way of monitoring and celebrating their child's commitment to academic progression. This session will also introduce parents to modern revision techniques and how to create an effective studying environment at home.

Following each session we (MADE) will carry out feedback and evaluation from staff and students. This evaluation and feedback will be available to all parents/carers upon request. Please feel free to visit www.made-training.com to find out more about our organisation (and our work with parents) prior to the sessions.

Thank you for your time and we look forward to seeing you on the 5th February 2018 at 6.00- 7.00pm. Please fill in the attached if you would like to attend and return it to Student Services by Wednesday 24 January 2018.

Yours sincerely

Corin Mitchell
